File No 49 of 1928

Serial No.

19 Letter No 137 & 26.2.36/1.5.36 from the Municipal Commissioner Bangalore City

Submits a Supplemental estimate amounting to Rs 11,605/- for the improvement of the Tippu Road in the Bangalore City.

While reviewing the four estimates previously received for this work it was observed that a foundation bed of embedded metal should be provided underneath broken metal so that the finished road surface may withstand the heavy wear and tear of the heavy traffic on this road.

2 Nothing is mentioned in the P.W.D in respect of the above observation. As the report accompanying the estimate has not been received, it cannot be ascertained whether necessary provision in this direction has been made in the supplemental estimate or not. Early action may be taken.

3 Draft Sanction for the Supplemental estimate submitted for approval

4 Complete information has not been furnished but it is stated in para 2 of the Commissioner's letter that the Municipal Engineer has approved of the estimate. If it is considered necessary to call for further information a draft is submitted for consideration while the complete estimate may be called for.

2. The estimate as scrutinised in this office reduces itself from Rs 11,605 to Rs 11,560. The difference in Rs 45 is due to erroneous calculations

3. A report explaining the necessity for the work has not been received as stated in para 1 of letter No.137 dated the 26th February 1926 from the Municipal Commissioner.

4. The President explained that the omission of foundation bed of unbroken metal was due to want of funds.
